

Beer Tasting Masterclass

Enjoy a tutored tour through the world of beer!

Let our resident beer expert guide you through a specially selected taster menu of 20 beers. From amber ales to XXXX stouts, we offer you a range of the best Irish & international beer, presented in style by your personal beer sommelier.

Here at the Porterhouse we love our beer, and know that you will too.

This is more than just an opportunity to taste excellent beers; you will learn about the care & attention we pour into the brewing process, as well as gaining an insight into the science behind beer tasting and a brief history of beer around the world.

The clincher?

Unlike wine, the taste buds needed for to best appreciate beer are located at the back of the tongue...so no spitting allowed!
